## Guidelines for Summer Assignment:

**Dear Students,**

Summer break is the perfect time to relax and have fun, but don't forget about your studies! Make sure to **revise F2** at home because there will be an examination waiting for you after the break. Balancing study and enjoyment is key, so remember to have a good time while also preparing for your exams.

**Here are some more detailed instructions for students during summer break:**

1. **Set up a study schedule:** Allocate some time each day to **revise F2**. Consistent revision will help you retain the information better.
2. **Use study aids:** Do worksheets to make your revision more effective and engaging as it carries **2 Marks**.
3. **Take breaks:** While studying is important, remember to take breaks to relax and recharge. Go for a walk, or do something you enjoy.
4. **Seek help if needed:** If you come across any challenging topics, don't hesitate to ask for help from teachers.
5. **Explore new hobbies:** Use this time to try out new hobbies or activities you've always wanted to do, like painting, cooking, or gardening.
6. **Read for pleasure:** Pick up a book you've been wanting to read for a while. Reading is not only enjoyable but also a great way to keep your mind sharp.
7. **Stay active:** Engage in physical activities like swimming, cycling, or simply going for a walk. Exercise is not only good for your body but also for your mental well-being.

**NOTE: Worksheets for the language subjects are attached below. Remember to print them out and complete them before returning to school.**

Balancing study and fun is the key to a successful summer break! Enjoy your time off while also preparing for your exams. Good luck! 🌟📖🌟
